

## Drive Continuity of Care Support Your Communities with eCare

**Our Client Support Hub** is a modular, ready-to-deploy solution with a trauma-focused lens. We support you by engaging children & families on their pathways by tracking needs with real-time responses, enabling equitable access to vital, person-centered resources and enhancing and ensuring the safety, timely service delivery, and continuity of care for your clients.

**eCare** is the #1 Public Sector solution that supports your workforce and drives the continuity of care.

### How Can You Empower Clients with eCare

We break down siloes of services for true person-centered care. Our centralized collaboration hub facilitates the seamless communication and coordination of services across agencies with automated alerts and nudges for proactive insights and updates for the targeted coordination of services.

Ensure client safety and HIPAA, FERPA, and SOC2 compliance

Person-centered dynamic dashboards for comprehensive case and client tracking

Real-time collaboration with configurable workflows to drive care continuity with a 360 degree view

Seamless cross-team and cross-system collaboration

## Elevate Client Outcomes Serving Youth, Children & Families, and Adults & Elders

### We Prioritize & Deliver

Client Safety

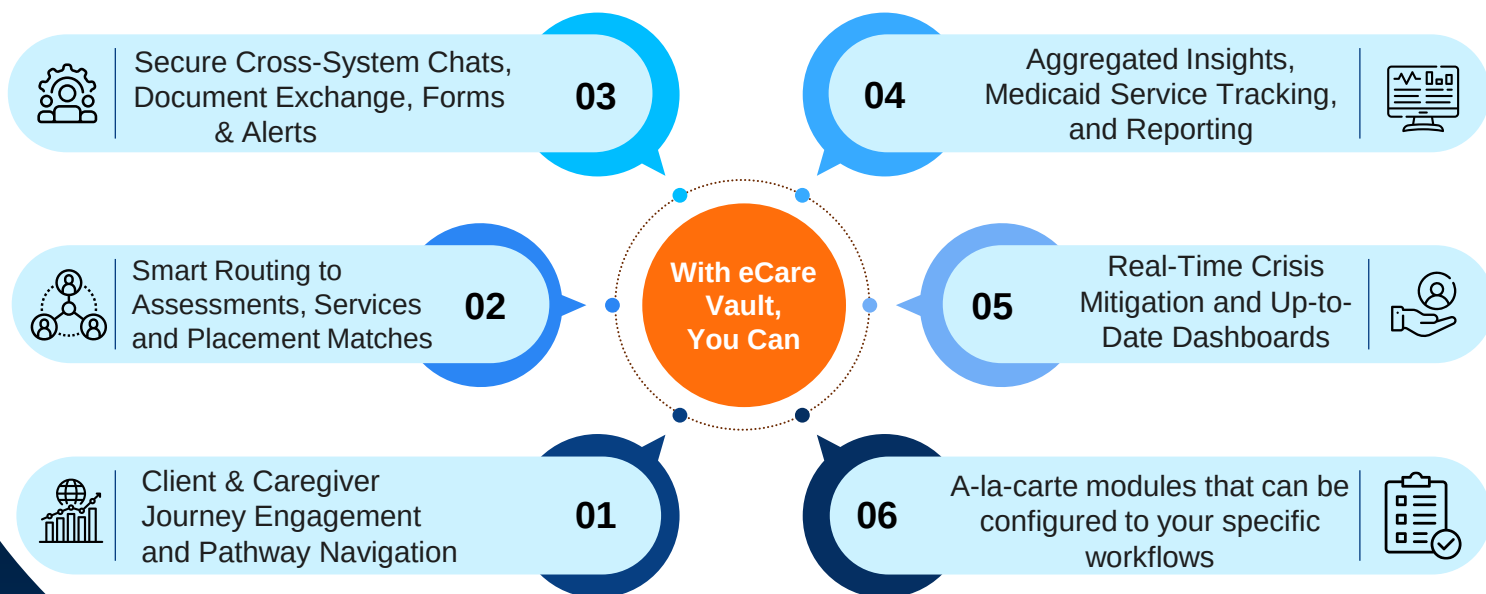

Multi-Tiered Supports

Continuity of Care & Learning

Workforce Development

#### About eCare Vault

We are a group of social workers, care providers, engineers, data scientists, and policy advisors with lived experience in the Public Sector. As your thought partner, we are committed to helping you leverage technology to achieve real-time collaboration and person-centered care at scale.
